Welcome to the Endocrine Surgery Parathyroid Program,

We appreciate the opportunity to provide you with the best quality care for your parathyroid condition. Our team is available to answer questions at any time. Prior to your consultation, we recommend that you visit our website parathyroid.surgery.mountsinai.org where you will find valuable information about our program including the types of procedures we perform, consultation videos and patient testimonials. During your visit to the Parathyroid Program, we will do our very best to be on time. We kindly ask that you contact us in advance if you have to cancel or reschedule your appointment, or if you are running late. The trust and confidence you have placed in us is most appreciated.

So that we can prepare for your consultation *prior* to your visit, please send the following items as far in advance of your consultation as possible:

- Imaging results and films
- Recent laboratory test results
- Pertinent consultation notes

Once again thank you and we look forward to meeting with you soon.

Sincerely,

William B. Inabnet, MD, FACS
